

# Galantis, No Money

Sorry I ain't got no money I'm not trying to be funny but I left it all at home today  
You can call me what you wanna I ain't giving you a dollar this time I ain't gonna run away  
You might knock me down, you might knock me down, but i will get back up again  
You can call it how you wanna I ain't giving you a dollar this time I ain't gonna run away

This time  
This time I ain't gonna run run run run  
Not this time
