

# Gallows, Abandon Ship

Mayday Mayday  
The captain lost control again  
The fucking ship is breaking up  
We're going down in flames  
Mayday Mayday  
Man overboard again  
The sharks already circling  
They only eat the brave  
The SS Death lost everything  
No one here can fucking swim  
So baby, baby hold me tight  
While I drown myself in you tonight  
Mayday Mayday  
The ship has hit the rocks again  
This isn't going to fucking work  
We're heading to our graves  
Mayday Mayday  
The captains lost his way we're sinking in the river sticks  
No one can escape  
Ladies and Gentlemen  
May I have your attention please  
This is the captain of your ship  
I'm sorry we depart this way  
You left me broken hearted  
But I never loved you anyway
