

# Galt Areus, My Lips Are Sealed

I'm coming over and I'm sorry you said,  
I really don't care if it's silence by 10,  
let them hear that I'm sharing your bed,  
and there's more to say tonight though,  
my lips are sealed, oh they're sealed to you.  
and my eyes are fixed, so sudden too,  
yeah, to find the one I'd choose,  
I always wondered who.  
I came apart the moment you said,  
I know you want me, you don't have to pretend,  
then you took my burning face in your hands,  
and said well here's a secret...  
I always dreamed of you.
