

# Gandharvas, Hollow You Out

Dig up something dynamical.  
Hurry up it's getting late!  
She was full of the potential  
That he was bent to excavate.  
I'm gonna hollow you out!  
Gonna turn the room out.  
Gonna get into place.  
Gonna heighten the pace.  
Gonna get to the end  
At the beginning again.  
Before the power is out.  
I'm gonna hollow you out.  
She whispered: the one and only  
Thing I believe to be true  
Is the one and only thing  
I believe to be you.  
Can you come in any closer?  
I'm gonna hollow you out.
