

# GangStarr, Gusto

Keith e.e. emcee on a spree I'm goin for this  
Cause draws applause, yes I adore this  
I'll reteach with speech, I can accomplish  
I've got to flaunt this, I'm not a pessimist  
Yo I'm an optimist, that's why I'm droppin this  
I'm good I got style, cause I've stood for a while  
In the shadows of the others gettin mellow with the brothers  
Called the gang, and yes I can hang  
Progressin with my lesson while I do my thang

I've got gusto  
&quot;my man gots that gusto&quot; &quot;word&quot;  
(repeat 2x)

You say your rhymes flow, I say I'm spontaneous  
Rockin the place, I'm not mainly just  
Sayin some words that are weak or incoherent  
And it's apparent, that you fear us, the gang  
But I'm still a peace seeker  
I'm in your face, don't have to sneak ya  
Dope rhymes speaking with wisdom of a preacher  
And I'm here, cause you've been victimized  
I'm sincere, I see through gifted eyes  
So yo, we're gonna see what the race is  
That's where you groups, will have to face us  
And you can bet we'll be in tip-top shape  
Nice so precise with a hip-hop update  
Wait, I got a shoutout for the ladies  
Come check me baby, don't underrate me  
Cause I'm a man with the plan for all  
The guru, to groove you, get out the wall

I've got gusto  
&quot;my man gots that gusto&quot; &quot;word&quot;  
(repeat 2x)

I've got gusto, so I'm kickin it well  
I got gusto, with much clientele  
So I pump it, to a higher decibel  
Have a seat, listen cause the rest it goes smooth  
And improve and bust a move  
I am the man with the true blue potential  
I am essential, I drive you mental and back  
Attack mack and rap  
And as you calm I will romp  
Like a giant I stomp

I've got gusto  
&quot;my man gots that gusto&quot; &quot;word&quot;  
(repeat 2x)

Really? right, you wanna be a emcee?  
Then go against me -- boy don't even tempt me  
Cause I go house on the freestyle tip  
Math you and blast you and then just shift  
Into hype gear, no fear, I persevere  
Year after year, rehearsin verse so clear  
Cause I've been into rhymin man for like eons  
And every stage, word I wanna be on  
So I can show you how it's gotta be done  
I never run or shun, I've just begun

I've got gusto

"my man gots that gusto" "word"
