

Garage Inc., The More I See

From where I stand I see
Pain, suffering, and misery
The more I see
The less, the less I believe
From where I stand I see
Hate, violence and war
The more I see
The less, the less I believe
The more I see
The less, the less I believe (I believe)
From where I stand I see
Pain, suffering, and misery
The more I see
The less, the less I believe
The more I see
The more I see
The more I see
The more I see
The more I see
The less, the less I believe
