

Garbage, Can't Seem To Make You Mine

I can't seem to make you mine,
Kissin' all around all the time,
Flyin' around like a bee,
Hurtin' everything you see.

Tried everything I know, oh...
To make you want to love me so, oh...
The only thing you do, oh...
Is try to put the hurt on me, oh...

Can't you see what you're doin' to me?
You fill my heart with misery.
With every breath, every step I take,
I'm more in love with you, oh...

I can't go on like this,
A little bit of love, and not a kiss.
I gotta have your love every day,
one that'll really stay, oh...

Can't you see what you're doin' to me?
You fill my heart with misery.
With every breath, every step I take,
I'm more in love with you, oh...

I can't seem to make you mine, oh...
I can't seem to make you mine, oh...
Kissin' all around all the time,
I can't seem to make you mine., oh...
Flyin' around like a bee,
Hurtin' everything you see.
I can't seem to make you mine, oh...
I can't seem to make you mine, oh...
I can't seem to make you mine.
I can't seem to make you mine.
