

Garbage, Girl Don't Come

Girl don't come
If it's all been said and done
Don't hang around
Let them kick back off the ground
Let them kick back off the ground

Girl don't come
He's got nothing left to lose
But that's all right
That could well change overnight
He'll want to take that pretty head
Lay down in someone else's bed

Girl don't come
Girl don't come
Girl don't come
Girl don't come

If you want my sympathy my dear
You better not come near my dear
I think it's fair to say my dear
You better see my way
You better see my way

Girl don't come
Girl don't come
Girl don't come
Girl don't come
Girl don't come
Girl don't come (If you want my sympathy my dear)
Girl don't come (You better not come near my dear)
Girl don't come (I think it's fair to say my dear)
Girl don't come (You better see my way my dear)
Girl don't come (If you want my sympathy my dear)
Girl don't come (You better not come near my dear)
Girl don't come (I think it's fair to say my dear)
Girl don't come (You better see my way my dear)
