

Garbage, It's All Over But The Crying

Everything you think you know baby
Is wrong
And everything you think you had baby
Is gone

Certain things turn ugly when you think too hard
And nagging little thoughts change into things you can't turn off
Everything you think you know baby
Is wrong

It's all over but the crying
Fade to black I'm sick of trying
Took too much and now I'm done
It's all over but the crying

Do you really think I'm made of stone baby?
C'mon!
That we only love the things we own?
Baby you're wrong

Certain things just happen when you make no plans
And love can really tear you up and it can break you down
Everything you think you know baby
Is wrong

It's all over but the crying
Fade to black I'm sick of trying
Took too much and now I'm done
It's all over but the crying

Baby we're done

If I could I would
I'd change everything
Cause I can't forget you though you don't believe me
Now I can't walk back
I can't leave behind
Where does it go all the light that we had?

Everything you think you know baby
Is wrong
And everything you think you had baby
Is gone

Baby we're done
