

Garbage, Why Don't You Come Over

It's been a crazy time for us,
of pushing all our limits
Snappin necks and breakin' balls
and you'd have done the same
You were bakin' bisquits
while I went bent the law
Sacrificing something
as you counted all my flaws

Why don't you come over?
So why don't you come over?
Oh why don't you come over?
And walk in my shoes

You wanna live freely,
don't wanna die
You want it,
you got it,
you chase a high
You wanna be out there,
you wanna race
You wanna take over,
just gotta play

Why don't you come over?
So why don't you come over?
Oh why don't you come over?
And walk in my shoes

Well I'm a good person,
don't wanna fight with noone
But you piss me off,
you keep pushin' pushin'
You best step off the gas boy,
All bets are off
fuck you
You taste like toxic poison,
I'll wash my hands of you

Why don't you come over?
So why don't you come over?
Oh why don't you come over
And walk in my shoes
