

# Gareth Gates, Alive

I see so much beauty  
Hidden way beneath your skin  
That sure ain't no sin  
You say you ain't pretty  
Not in any place it counts  
But I am blind to all that you doubt

It ain't perfection for which I would die  
It ain't just somebody that's made me feel alive

Chorus

Can't stop dreaming about this good love  
(Wishes come true)  
See heaven sent me an angel looking just like you do  
Can't stop dreaming about this good love  
(Prayers get answered)  
Sometimes baby you make me feel alive

You know why he wants you  
But I ain't the same as him  
I look a little further within  
Your life has had some long nights  
All those tears I wipe away  
Just close your eyes and hear what I say

It ain't perfection for which I would die  
It ain't just somebody thats made me feel alive

Chorus

Never thought I'd find the one  
- It's like a dream  
Gotta get closer to you  
If you know what I mean Baby,  
Don't be scared I'd never hurt you  
- Never lie  
The truth is I need you  
Cause you make me feel alive

Chorus to end
