

Gareth Gates, Listen To My Heart

Endlessly
Everytime i look into your eyes
I see forever
I dont know why
But everytime we touch i feel alive
There's nothing like it
People say that love can't be that strong
And you might just believe them
Let me show you
I will prove them wrong

CHORUS

Listen to my heart beat for ya
Telling you that i adore ya
If you wanna know how much i feel inside
Listen to my heart come closer
Let me wrap my arms around ya
There's nothing i can do i'm so in love with you
Just listen to my heart

Oh my love
You really need to know that you are in my
Once in a lifetime
My oh my
There's nothing gonna stop us coz we are
A once in a lifetime

People say that love can't be that strong
And you might just believe them
But we can show them
We can prove them wrong

(CHORUS)

I cant tell you what our future holds
But as long as we're in love
We're alive

(CHORUS)
