

# Gareth Gates, That's When You Know (That You're In Love)

For everyone, the story goes  
There's a special someone to  
make them whole  
Someone to give their  
heart completely

And you may search high and low  
But when you find your angel  
How will you know?  
Then you finally get the feelin'  
It'll be as clear as the air  
You're breathin'

That's when the world seems small  
beneath your feet  
It's when the stars above are  
only just out of reach  
When you feel you're alive  
For the very first time  
That's when you know that  
you're in love

Who can tell the time and place  
And you see your soul reflected  
their face. It would be a spell your  
under. And it'll hit you just  
like thunder.

That's when the world feels  
small beneath your feet  
that's when the stars above  
are only just out of reach  
when you feel your alive  
for the very first time  
when you hold them  
in your arms and can't let go  
that's when you know

For all my life  
I have been searching for  
something I could't find  
but now I know you are the one  
I understand I read the signs

'Cause now the world feels  
small beneath my feet  
and all the stars above  
are only just out of reach  
when you feel so alive  
for the very first time  
and there's nothing you can't  
rise above  
that's when you know  
that you're in love  
that's when you know
