

# Garrison Starr, What I Wish For

Wish i could see past the ceiling  
Wish i could hear through the walls  
Wish i could see past the ceiling  
Wish i could hear you at all  
Should i be careful what i wish for, what i wish for  
Should i be careful what i wish for, what i wish for  
Wish i could show you my anger  
Wish i could tear you apart  
Wish i could show you my anger  
Wish you could show your own heart  
Should i be careful what i wish for, what i wish for  
Should i be careful what i wish for, what i wish for  
Wish i had not believed you  
Wish i wasn't so scared  
Wish i had not believed you  
Wish i could have prepared  
Should i be careful what i wish for, what i wish for  
Should i be careful what i wish for, what i wish for
