## Garth Brooks, I Know One

When all your loves have ended When all your friends have flown Who'll be around to want you When all your loves have gone

Only a fool would do it After the way you've done And how many fools would have you I Know One

This fool keeps wondering why he fell in love at all But you might need this fool around in case you fall After the party's over and you've had your fill of fun If you need a fool to forgive you... I Know One

You never know you might be lonely when all your loves have missed It wouldn't hurt to keep an extra fool on your list After your heart's been broken and you need a place to run If you'll take a fool who loves you... I Know One
