

# Garth Brooks, It's Your Song

Standing in the spotlight  
On such a perfect night  
Knowing that you're out there listening

I remember one time  
When I was so afraid  
didn't think I had the courage  
To stand upon this stage

Then you reached into my heart  
And you found the melody  
And if there ever was somebody  
Who made me believe in me  
It was you... it was you...

(Chorus) It was your song that made me sing  
And it was your voice that made me wings  
And it was your light that shined guiding my heart to find  
This place where I belong  
It was your song

Every night I pray before the music starts to play  
That I'll do my best and I won't let you down  
And for all the times I've stood here  
This feeling feels brand new  
And anytime I doubt myself I think of you...

Chorus

Dreams can come true  
With God's great angels like you...

Chorus

It was your song  
It's always been your... song
