

Garth Brooks, Which One Of Them

The girl at the bar, she bought me a beer
And she'd like to know if I'm new around here
And the gal that I danced with, says she's all alone
Her friends have all left and she needs a ride home

Oh and there have been others who gave me the eye
But if they only knew they were wasting their time
'Cause there's only one lover I can give my heart to
But you didn't want it, and you broke it in two
So tell me

Which one of them will be you tonight?
Oh, which one will hold me in your arms so tight?
I've forgotten what's wrong, given up on what's right
Tell me which one of them will be you...tonight

So I'll just smile and pretend and she'll never know
Who she's up against when she's holding me close
You're all that I want, girl, you're all that I need
And when I close my eyes, honey you're all I see
So tell me

Which one of them will be you tonight?
Which one will hold me in your arms so tight?
I've forgotten what's wrong, given up on what's right
Tell me which one of them will be you tonight
Which one of them will be you....tonight
