

Gary Allan, I Just Got Back From Hell

I just got back from Hell
and I'm satnding here alive
I know it's really hard to tell
Don't know how I survived
But I can't say that I'm doin' great
But I think I'm doin' well
That Devil's gonna have to wait
'Cause I just got back from Hell

Well, I just got back from Hell
And I guess to tell the truth
Well, I've been mad at everyone, including God and you
When you can't find no one to blame you jus blame yourself
And I know I'll never be the same
I just got back from Hell

Forgive me if I had any part
If lever broke your heart in two
Forgive me for what I didnt know
For what I didnt say or do
And, God, forgive me as well
'Cause I just got back from Hell

Well, I just got back from Hell
And I need to make some plans
It's the last thing that I wanna do
But I'll do the best I can
I'm gonna learn to live again
But I think I'll sit a spell
Tell the world that I'm alive
and I just got back from Hell

I can't say that I'm doin' great
But I think I'm gettn' well
Gonna let the world know I'm alive
And I just got back from Hell
And I just got back from Hell
I just got back from Hell
Got back from Hell
