

# Gary Allan, Let's Be Naughty (And Save Santa The Trip)

Well they say he knows whose been naughty or nice  
And if I have my way baby after tonight  
We'll be one couple he can scratch off his list  
Let's be naughty and save Santa the trip

Such a long sleigh ride from the North Pole  
And he's already got so many places to go  
We've got each other, don't need another gift  
Let's be naughty and save Santa the trip

Well Santa's face would turn red if he could only see  
What we'll be unwrapping underneath our Christmas tree  
Well this year all I'm asking for is one little wish  
Let's be naughty and save Santa the trip

When St. Nick comes home early tonight  
Mrs. Clause will surely be surprised  
They'll get to snuggle, cuddle up just like this  
Let's be naughty and save Santa the trip

Naked naughty, and save Santa the trip  
Nasty naughty, and save Santa the trip  
Bad bad bad bad bad naughty, and save Santa the trip  
Bad bad bad naughty, and Santa the trip

Spoken:  
Gonna save him the whole trip  
Get some of those elves over here  
(sang) and save Santa the trip
