

# Gary Allan, Livin' In A House Full Of Love

## Chorus

Now love is pouring through the windows  
Comin' through the door  
I can feel it creepin' through the cracks in the floor  
Bouncin' off the walls and the ceilin' up above  
Since I found you I'm livin' in a house full of love

All of my life my heart's been walked on  
Women said they loved me how they talked on tellin' me lies  
And fillin' my eyes with tears that I couldn't control  
I couldn't get a hold of myself long enough to realize  
They were only tryin' to pull the wool over my eyes  
I found you then the skies turned blue  
I'm livin' in a house full of love

Once I lived in a hole like a rabbit  
I couldn't find love the blues were a habit  
A lonely man and I couldn't understand  
Why everything I tried went wrong  
'Til you came along bless your heart and showed me the right way  
You dried my eyes and turned my night to day  
And I'm so proud I wanna holler out loud  
Tell the world about my house of love
