

# Gary Allan, Sorry

Ooooooooooooo Sorry  
Ooooooooooooo Sorry

Well I came home from work in the middle of the day  
Two hours early, but a little to late  
She was comin down the stairs lookin mighty grim  
With a big brown suitcase, in her hand  
I said what's going on  
Baby what's the deal  
She said I just don't feel like I used to feel  
With the Devil's own smile, right outta the blue  
She said I done went and found myself somebody new

She said sorry, it didn't work out  
Sorry, guess I'll see you around  
She ruined my life, left me broken hearted  
And all she had to say was sorry

Ooooooooooooo Sorry

Well I laid awake cryin for many a night  
I just couldn't seem to get her off my mind  
I went to her, got down on my knees  
Said baby wont you please come back to me

She said sorry, it didn't work out  
Sorry, guess I'll see you around  
She ruined my life, left me broken hearted  
And all she had to say was sorry

Ooooooooooooo Sorry  
Ooooooooooooo Sorry

Well time went by and my poor heart healed  
I found me a woman who's love is real  
Man she's a looker, the apple of my eye  
And every head turns when she walks by  
Well we ran into my old flame the other day  
It blew my mind what she had to say  
She said hello baby  
Well how've you been  
I was hoping maybe we could get together again

I said sorry, it didn't work out  
Sorry, guess I'll see you around  
You ruined my life, left me broken hearted  
And all you had to say was sorry  
You said sorry

Ooooooooooooo Sorry
