

# Gary Barlow, Looking For Change

We're all here for a reason,  
yes I think that you can feel it too,  
the past won't tell us what the future can bring,  
it is worth the fight,  
whether wrong or right,  
join hands and sing out your hearts,  
reach for every corner of this world,  
our message has so much emotional feelin',  
stand in turn,  
believe in every word,  
woo ooh hoo yeah,

We're all lookin' for change,  
life we hold in our hands,  
you can help turn a page,  
let's work it out together,  
'cos we're all lookin' for change,

Some people ask what's the meanin'?  
I tell them, "we have this cause we believe in";  
sometimes they laugh and say that they have no time,  
'till they feel the blue,  
then they sing it too,  
whoa whoa ho yeah,

We're all lookin' for change,  
life we hold in our hands,  
you can help turn a page,  
let's work it out together,  
'cos we're all looking for change,  
we're looking for change,  
we're looking change, yeah,

you gotta look for change, yeah eh eh yeah,  
oh,  
oh,  
you better lookin' for change yeah eh yeah,  
whoa oo hoo,  
let's work it out together 'cos we're all lookin' for change,  
we're lookin' for change yeah eh yeah,  
whoo,  
whoo, hoo hoo,  
I look at you,  
you gotta change, you gotta change yeah eh yeah,  
you gotta work it out together,  
'cos we're all lookin' for change,

we're lookin' for change,  
you gotta look for change yeah eh eh yeah,  
oh,  
oh,  
you know you're better lookin' for change yeah eh yeah,  
whoo hoo,  
let's work it out together 'cos we're all lookin' for change,  
we're better lookin' for change yeah eh yeah,  
whoo  
hooo, hooo,  
I look at you,  
you gotta change, you gotta change yeah eh yeah,  
you gotta work it out together,  
'cos we're all lookin' for change.
