

Gary Cherone, Need I Say More

I don't love you anymore
The one thing I thought for sure
And I hate myself for that
I hate myself for that
Need I say more

You and I forever
The one thing I thought for sure
And I hate myself for that
I hate myself for that
Need I say more
Need I say more

A love that would not die
It was all, all a lie
And I hate myself for that
I hate myself for that
Need I say more

I don't love you anymore
The one thing I thought for sure
And I hate myself for that
I hate myself for that
