

Gary Delz Power Trio, Your Love Is Like A Liquor

Your love is like a liquor
that I can't put down
it gets me to the top
then it brings me down
I need a double shot
just to bring me back around
your love is like a liquor
that I can't put down

I see you in the mirror
each morning when I rise
I can't wait to feel your touch baby
'cause you tantalize
your love is like a potion
from a magical mystery drink
keeps me anticipating

for another drink

Your love is like a liquor
that I can't put down
it gets me to the top
then it brings me back down
I need a double shot
just to bring me back around
your love is like a liquor
that I can't put down

Your love is like a liquor
your love is like a liquor baby
your love is like a liquor
your love is like a liquor
