

# Gary Glitter, Haven't I Seen You Somewhere Before

I've been around but now i'm back in town, remember?  
I was the guy who was just passing by, remember?  
I think we've met before and yet  
I need to know for sure

Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere?

Wasn't it you who was just passing through, remember?  
Didn't we kiss on a night just like this, remember?  
It's been so long, I could be wrong  
But i'd still come back for more

Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere?

I know by the look on your face  
You recall the time and place  
I know, I'll knock on your door  
and I'll ask just once more

Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere before? Haven't I ?  
Haven't I seen you somewhere?

Somewhere before, haven't I?
