

# Gary Jules, Invisible

Made my decision  
To just stay awake.  
To hear my own confessions.  
Forgive my own mistakes.

Do you know my name?  
You don't recognize me.  
Do you know my name?  
No? Invisible.  
Invisible.

You're the portrait of an artist.  
A diamond in the rough.  
But you feel like you've been cheated.  
You sure have had enough.

Now you know my name.  
You don't recognize me.  
But you know my name,  
Oh, invisible.  
Invisible.

You can watch me disappear.  
You won't even know I'm here.  
And cry aware, let me.

But you know my name.  
You don't recognize me.  
Yeah, you know my name,  
Oh, invisible.  
Invisible.

(Oh, invisible)  
Come on now.  
(Oh, invisible)  
You know my name.  
(Oh, invisible)
