

# Gary Jules, Nothing

There is no fortune to be made here  
It's just a town like any other town  
Sure there must be good things left to say  
Can't think of one  
So I won't say

Nothing  
Wears a pretty face and armor  
She's got shine at the surface and coal below  
Nothing  
Please don't tell me  
I already know nothing

Living like a mobile spinning off its line  
Phillip always said about the wheels-within-wheels  
Tension rising higher it's coming through my window  
And all I seem to feel is

Nothing  
Please don't tell me I already know  
Nothing  
Oh it's getting better now  
But time will show

Nothing  
Never goes away  
Nothing  
Never goes away

Tonight I saw her again  
Blood red luna sitting on the bridge  
It could have been a sign but I don't believe in signs  
I don't believe in

Nothing  
Please don't tell me I already know  
Nothing  
Oh its getting easier but time will show

Nothing  
She's got a brand new set of reasons why she can't let it go  
Nothing  
Please don't tell me I already know  
Nothing
