Gary Moore, Out Of My System

You're out of reach, you're out of touch This time baby you've run out of love You're out of sight, you're out of mind Another heartache I've left behind

It doesn't make any difference where you go from here Too many times you've been running I was here, over and over again

Well I've got you out of my system I've got you out of my soul

We've been through this a thousand times Too many partners for your perfect crimes You turned your back when I was down Well this time baby I won't be around

It doesn't make any difference What you do or say This time it's over forever I'm on my way Don't wanna see you again

Well I've got you out of my system I've got you out of my soul Well I've got you out of my system And now I'm right outside your control

It doesn't make any difference Where you go from here Too many times you've been running I was here, over and over again

Well I've got you out of my system
I've got you out of my soul
Well I've got you out of my system
And now I'm right outside your control
I've got you out of my system

Well I've got you out of my system
Out of my system
I've got you out of my soul
Out of my soul

Well I've got you out of my system
