

# Gary Moore, You

Sometimes when I look around  
At people who are lonely  
I feel a sense of sadness deep inside  
It makes me wonder how I got along  
Before I found you  
And what I'd do if you should turn around  
And say goodbye

'Cause baby you  
You're what I'm living for  
I couldn't have asked for more  
Right from the moment that I found you  
I knew that you  
You were the one for me  
The one who could make me see  
This world could be a brighter place

Sometimes when I think about  
The friends I left behind me  
I feel a sense of sadness deep inside  
It makes me wonder how I knew  
That one day you would find me  
And what I'd do if you should turn around  
And say goodbye

'Cause baby you  
You're what I'm living for  
I couldn't have asked for more  
Right from the moment that I found you  
I knew that you  
You were my brightest star  
And whether you're close or far  
You're always here inside my heart

'Cause baby you  
You're what I'm living for  
I couldn't have asked for more  
Right from the moment that I found you  
I knew that you  
You were my brightest star  
(You were my brightest star)  
And whether you're close or far  
You're always here inside my heart

Yes, baby you  
You're what I'm living for  
I couldn't have asked for more  
Right from the moment that I found you  
I knew that you  
You were the one for me  
(You were the one for me)  
The one who could make me see  
This world could be a brighter  
This world could be a brighter  
With you this world's a brighter place
