Gary Numan, An Alien Cure

So I wandered like Jesus Like an alien cure Searching for my disciples Dispossessed and alone.

So I looked deeper Into evil And I came closer To your corruption.

I took a virgin like Mary And said "I give you The One" I confessed to desire And watched the world come undone.

So I looked deeper Into evil And I came closer To your obsession.

So I looked deeper Into evil And I came closer To Heaven. Your Heaven.

So I moved like a rumour Like a glorious lie And I walked into Heaven Into dead paradise.
