Gary Numan, My World Storm

This is new vengeance.

I like noise I suck art I like romance when it's in my car. This is new vengeance.

I like games I like you I like pressure if it hurts them too. This is new vengeance.

I'll do it, I can do it I'll take it, if I want it I'll say it, if I feel it I'll have it, if I need it

Sold out No shit Don't need approval and I don't need this. This is new vengeance.

I like cars
I like fame
I like people when they call my name.
This is new vengeance.

I'll burn your picture I'll burn your house down I'll change your world then I'll listen to reason.
