

# Gary Numan, This Disease

This disease  
I'm out of my class  
This disease  
I'm needle sick again  
This disease  
We must expect such things  
This disease  
She finds me the girls

Tick tock tick  
All gone all gone all gone  
Tick tock tick  
Whispering goodbye  
Tick tock tick  
Who is talking?  
Tick tock tick  
I don't have the choice

Look at me  
A puppet dancing on strings  
Look at me  
And this is easy?  
Look at me  
I got the screams  
Look at me  
Words failing
