

Gary Numan, This House Is Cold

Say
And I say 'me'

Boys with their ambition
The sparkle dies down
I could believe in such things

Boys with their ambitions
Sparkle dies down
I could believe in such things

This house is cold
This house is mine
This house is yours
Like friends of mine

Ooh, I could boys like down like some down like boys suppose
Ooh, I could down like boys like could down like you
Ooh, I could down like boys like could boys like could down like cries

Boys cry

Boys scream 'down'
Like boys fell down
I could believe in such rain

Me falling down
Falling boys
Like and I
And I can see such... no

This house is mine
This house is cold
This house is yours
These friends of old

Ooh, like could down like boys on the ground like I suppose
Ooh, I could down like boys underground like you
Ooh, I could down like boys on the boys on the ground like me

Boys like
Crying 'down' like
