

Gas Giants, Letter

Time the walk around the table and chairs
I'm seeing nothing whatever was there
Obsession is hard enough

I know the reasons that she doesn't see
Well its true that I'd fall at her feet
But she don't wanna know
She don't wanna know

I had to write to ask for some way I could tell
So pointless in living an anonymous spell
If you saw her you'd know how I felt

I'm owning up I can't give enough
To be free I'd have to swear my love
But she don't wanna know
She don't wanna know
She don't wanna know
She don't want to know

I'm not the one to make these
Words seem like they're enough
If you did then she'd not mistake me
For nothing, I'm nobody, not no one

I know the reasons that she doesn't see
Well she don't wanna know
She don't wanna know

I'm not the one to take these
Words to the one that I love
If you did then she'd not mistake me
For nothing, I'm nobody, not no one

She don't wanna know...
