Gasolin, Good Time Charlie

The Rulers of tomorrow may bring you sorrow but I can touch the sun and bring you some fun.

'Cause I'm the good time Charlie callin' your name.

They say the boom is comin' the rats are runnin' but me and Camilla we're sipping tequila.

'Cause I'm the good time Charlie callling your name.

See, when I was a boy my mamma said hey little man you better look out for them girls and that booze 'cause that's what turned your dear daddy loose.

I said mamma please understand if booze and them girls are gonna get me I think it's my way to fly so bye see you in the sky.

Good time Charlie good good good times for everybody in the whole wide world.

The leaders of tomorrow may bring you sorrow but I can touch the sun and bring you some fun.

'Cause I'm the good time Charlie callin' your name.
Good time Charlie callin' your name.
Good time Charlie callin' you.
Good time Charlie.
