

Gatsbys American Dream, Pompeii

Set against the mountainside
And oh the hubris burns so bright
But more will burn tonight
I'll bury this town in ash
And paint the sky with fire
The city is burning
I'll tear down the walls
I'm gonna getcha getcha getcha uh huh
And there's nothing in the dark I won't bring to light
And I will bury you
They'll dig you up in 1500 years
