

# Gavin Friday & The Man Seezer, Fun & Experien

&quot;...here's one for ya!...  
...woe! woe! hold your horses...&quot;  
The boy wonder

Everything's in the belly or between the legs  
A savage in a tin of fruit, your only man.  
What's the story? jackinory? no, lead in the pencil?  
Mr shepard's pie- did you meet me middle eye?  
I'm here to go, who's the lucky one?  
Get-a-load of this, it's innocence bliss

An angel at the table- a devil at the door  
He'd talk if he was able but his jaw just hit the floor...

&quot;i could change the world for you. romance the moon  
Make the sun shine... come on baby, please be mine...&quot;

Fun and experience  
Love can be anything you want it to be  
Fun and experience  
If you ain't in- you'll never win.

He hopped the twig, he legged the bed  
Hey! stop the lights...  
Innocence left him devastated. she sucked him in.  
She blew him out in baby bubbles, 'cause what goes  
Up gotta, gotta come down.

Her wee man in the boat was keepin' the score  
His wiggie in the middle couldn't take much more

&quot;i could change the world for you. romance the moon  
Make the sun shine... come on baby, please be mine...&quot;
