

GAYLE, orange peel

I'm sticky sweet, I'm a treat
Vitamin C, a dose of me straight dopamine
Hypotheses, you'll part the sea to be with me
Sailin' me like I'm a summer breeze
I'ma try for you, die for you
Put me in a octagon, I'll fight for you
Cry for you, lie for you
Put me under oath any time
Wish that I could take this off
Like an orange peel of all my thoughts
Hide away, hide away
Take my feelings and just take a break, take a break
Wish that I was orange juice
Take a sip of me and you
Bittersweet, bittersweet
On cavities, cavities
I can make a man go (man go)
Like a motherfucking mango (mango)
Talk your ear off like I'm Van Gogh, Van Gogh
But if I taste you, I just, I just can't breathe
Let go, lose everything around me
I'm the sweetest bitch you'll ever meet
Don't overthink, I'm your SunnyD
Wanna make the sun rise with me? (Do you get it?)
Wish that I could take this off
Like an orange peel of all my thoughts
Hide away, hide away
Take my feelings and just take a break, take a break
Wish that I was orange juice
Take a sip of me and you
Bittersweet, bittersweet
On cavities, cavities
(Hey)
La-la-la-la
La-la-la-la, la-la-la-la-la
La, la-la-la
La-la-la-la
La-la-la-la
La-la-la-la, la-la-la-la-la
La, la-la-la-la-la-la-la-la
Wish that I could take this off
Like an orange peel of all my thoughts
Hide away, hide away
Take my feelings and just take a break, take a break
Wish that I was orange juice
Take a sip of me and you
Bittersweet, bittersweet
On cavities, cavities
La-la-la-la
La-la-la-la, la-la-la-la-la
La, la-la-la
La-la-la-la
La-la-la-la
La-la-la-la, la-la-la-la-la
La, la-la-la-la-la-la-la
