

# Gaza Strippers, Cmon Join The Ride

You ain't nothing  
We are everything  
You are the black hole  
and we are the light

C'mon and join the ride.  
C'mon and join the ride.

You are crap  
We wear angel's wings  
Floating ethereal as chainsaws scream!

C'mon and join the ride.  
C'mon and take a bite.

C'mon and join the ride.  
C'mon and join the ride, yeah!  
C'mon and join the ride.  
C'mon and join the ride.

We're the most trans disco supreme  
Filing our nails as the masses scream  
Man on the scene, money white tight  
Low as a snail and high as a kite

C'mon and join the ride.  
C'mon and join the ride, yeah!

We're the most trans disco supreme  
Filing our nails as the masses scream  
Man on the scene, money white tight  
Low as a snail and high as a kite

You ain't nothing  
We are everything  
You are the black hole  
and we are the light

You are stone cold  
and we are fox hot.  
You are the scissors  
and we are the rock.

C'mon and join the...  
Just take a bite, yeah!  
C'mon and join the ride.
