

Gazebo, Blindness

Blindness
It's only Blindness
Blindness
It's only Blindness in my mind

Sometimes,
I'm looking for
You're running to the questions
And wonder if is wrong or right

Sometimes
When doubt is only option
You make the one decision
But things are never black or white

Don't be afraid to share
Just take a saw and give away
Don't be afraid today
To give yourself away
Don't be afraid to smile
Just take a breath and walk away
Don't be afraid dismal
To give yourself away

Coz it's Blindness
It's only Blindness
Blindness
It's only Blindness in my mind

Awakening
When be ...
You're looking to the mirror
And wonder what if
Awakening
You walking through wild...
You have this one perception
Of being lost by faith

Don't be afraid to share
Just take a saw and give away
Don't be afraid today
To give yourself away
Don't be afraid to smile
Just take a breath and walk away
Don't be afraid dismal
To give yourself away

Coz it's Blindness
It's only Blindness
Blindness
It's only Blindness in my mind
