

Geggy Tah, Lotta Stuff

There's a lotta stuff in my gut that I can't seem to get rid of
I wish the whole universe would absorb cause it's so much bigger
Unless I take the time

All this stuff will be mine for the rest of my stuffed life

All mine, All mine

All mine, All mine

There's a lotta stuff in my room that I can't seem to put away

I wish the flowers of woe, stop, it's not cool to look pretty

Unless I take the time

All this stuff will be mine for the rest of my stuffed life

All mine, All mine

All mine, All mine

All mine, All mine

All mine, All mine

All mine, All mine

All mine, All mine. . .

There's a lotta stuff in my gut that I can't seem to get rid of

I wish the whole universe would absorb cause it's so much bigger

Unless I take the time

All this stuff will be mine for the rest of my stuffed life

Taxi, taxidermy

Taxi, taxidermy me

Taxi, taxidermy me

Taxi, taxidermy me
