## Gehenna, Manifestation

[Music by Sanrabb] [Lyrics by Sanrabb]

I will find my way
Through this void called life some day
I cast my spell to set them free
I serve the demons,they serve me

By ways of Belial On paths of ancient times I call out in vengeance I know your name

Shaitan Night has come I feel the forces shift and turn I call your name Shaitan

By ways of Baphomet On paths of ancient times I call out in anger I know your name

Satan
