

# Gehennah, Beat That Poser Down

The poser spends his life just polishing his act

Beat him!

His suntanned face is made to hurt, convince him that's the fact

Beat him!

He's not a friend or brother, this time he'll face our crowd

Beat him!

Teach him that on our streets posers aren't allowed

Beat him!

Kick him in the face, kick him in the nuts

Kick him in the nose, kick him in the guts

Beat him in the teeth, beat him to the floor

And if he still moves, then beat him some more

**BEAT THAT POSER DOWN!**

A poser's personality won't wash away with soap

Beat him!

You have to hurt him really good, then there might be some hope

Beat him!

Chase him through the alleys, through ever street in town

Beat him!

In the name of metal, beat that poser down!

Kick him in the face, kick him in the nuts

Kick him in the nose, kick him in the guts

Beat him in the teeth, beat him to the floor

And if he still moves, then beat him some more

**BEAT THAT POSER DOWN!**

Come here little poser, wipe away your tears

Beat him!

A wise man said something that you've just got to hear

Beat him!

"-A really good bashing is what poser needs...-"

Beat him!

And you know what? We all agreed!

Beat him!

Kick him in the face, kick him in the nuts

Kick him in the nose, kick him in the guts

Beat him in the teeth, beat him to the floor

And if he still moves, then beat him some more

**BEAT THAT POSER DOWN!**
