

Gehennah, Bitch With A Bulletbelt

Born in the gutter, she was a filthy girl
Tough motherfucker, no mama's pearl
Criminal since the age of four
When she's around you better lock your door

She's a bitch with a bullet-belt
She's got the biggest tits you've ever felt
Can't resist her fatal charm
But if you're wimpy she'll break your arm
Bitch with a bullet-belt, she's a bitch with a bullet-belt

If you touch her tits without paying first
I've told you, fuckface, she's gonna fucking burst
So if you really wanna get laid
You'd better make sure that she gets paid

Bitch with a bullet-belt, she's a bitch with a bullet-belt

Now metal is all that she listens to
Drinking and banging is what she wants to do
She ain't nice, no, she's really rude
A cool pornoslut with an attitude
