

# Gemma Fox, Crazy

Song Name-Crazy. Album-Messy

La, La, La, La, La, La, La, La, La, La, La,  
La, La, La, La, La, La, La, La, La, La, La...

It started the day when I called her,  
Needed to cry on her shoulder.

I was upset,  
Me and my man was argueing...  
I was filled with suspision,  
Really do need a decision.

What should I say or do? Or scream or cry?  
I don't know why he always wants to be alone,  
But he is never in his home,  
Won't even answer to his phone...

Me and my girl drove to his place,  
And see one sket all in his face.  
Uh uh, this fool's getting replaced.

You make me crazy.  
Why u wanna hold me down?  
Wanna mess around when you know I'm down.  
You drive me crazy,  
If you keep running around,  
Wanna play around,  
You get caught out.  
You make me crazy,  
Mess around when you know I'm down.  
You drive me crazy,  
If you keep running around,  
Wanna play around,  
You get caught out.

Now this time I'm wiling out,  
You 2 timing bastard got caught out.  
Don't try and hold me down,  
Cause I'm about to switch.  
So don't even bring your chat to me,  
You're just a cat for the pussy.  
Don't try and hold me back,  
Cause this bitch ain't going out like that.  
Oh no.

Now see this smile up on my face,  
I just set fire to your place,  
Everything you have is now erased.  
Don't mess with a girl when she's in pain,  
It's a deadly serious game,  
And now I hope you feel the same.

You make me crazy.  
Why u wanna hold me down?  
Wanna mess around when you know I'm down.  
You drive me crazy,  
If you keep running around,  
Wanna play around,  
You get caught out.  
You make me crazy,  
Mess around when you know I'm down.  
You drive me crazy,  
If you keep running around,  
Wanna play around,  
You get caught out.

Should of given me more time,  
Should of been on your mind,  
Never should of have my trust, oh no.  
But now you have to act the fool,  
Cause you made a bitch lose her cool.  
Now I'm over you.

You make me crazy.  
Why u wanna hold me down?  
Wanna mess around when you know I'm down.  
You drive me crazy,  
If you keep running around,  
Wanna play around,  
You get caught out.  
You make me crazy,  
Mess around when you know I'm down.  
You drive me crazy,  
If you keep running around,  
Wanna play around,  
You get caught out.

You make me crazy,  
You drive me crazy.  
You make me crazy,  
You drive me crazy.  
You make me crazy,  
You drive me crazy.  
You make me crazy,  
You drive me crazy.
