

# Gene Autry, Santa's Comin' In A Whirlybird

The news is out and I've been told it came by wire from the great North Pole,  
I'm sure each boy and girly heard,  
Santa's coming in a whirlybird.

(Chorus)

Santa's coming in a whirlybird,  
Christmas night in a whirlybird...  
So if you're good and you don't goof,  
The whirlybird is gonna land on your roof.

There's gonna be a bike for Mike and Moe,  
A talking doll for Jane and Joe,  
They'll be toys for every child,  
if you promise not to drive your mom and daddy wild (to chorus)

There is one more verse that I am unsure of...Please add if you know!  
partial:  
but Donner and were amazed when Rudolph said with a happy shout,  
I'll go along with Santa Claus and help him out (to chorus)
