

Gene Clark, Keep On Pushin'

Keep your feet on the ground
Don't let 'em bring you down
All you got to do is keep on pushin';
All the things they say
Won't always work that way
Satisfy your mind and keep on pushin';
All I ever want to see
Baby, please, that you're not down on me
Every time I call, call up on you
All you got to do is keep on pushin';
All the things you do
You got to see 'em through
Satisfy your mind and keep on pushin';
All I ever want to see
Baby, please, that you're not down on me
