

Gene, Fill Her Up

I raise a glass to you
I fill her up for you
I'll buy the drinks
And we will sink a few tonight
I'd give my arm for you
I'll even fight for you
I'll buy the drinks
And we will slip into the night
Into the night
Into the night
I'll pile them high for you
Just have your fill will you
I'll buy the drinks
And we will slip into the night
I'll open up for you
Don't sober up will you
I'll buy the drinks
And we will slip into the night
Into the night
Into the night
I'll raise a glass to you
Take on the world with you
I'll buy the drinks
And we will sink a few tonight
I'll pile them high for you
And give my life to you
I'll buy the drinks
And we will slip into the night
We drink until we stink
And dive headlong into the night
