

Gene Loves Jezebel, Heavenly Body

It was cold, it was dark, I was in complete isolation
A dragonfly quick to die
Caught in the hands of a crippled child

give me the power
give me the power
give me that power
to push on

Starlight, starbright you've got the glow
of an angel in flight
Starlight, starbright gimme your lovin' tonight

give me the power
give me the power
give me that power
to push on

I saw you shine like a heavenly body
now you shine tonight
Shine on me, Shine on me, talk to me.

talk to me.

I saw no one, I spoke to no one
I was in complete isolation
I wish I could talk
I wish you could hear
the refugee on a foreign shore

give me the power
give me the power
give me the power
to push on

I saw you shine like a heavenly body
How you shine tonight
Shine on me, Shine on me, talk to me.

talk to me.

And we can shine
like a heavenly body
lying naked in the sun
a bright erotic star
give me the power.
talk to me

shine on me, shine on me. Shine on me.
shine on me, shine on me. Shine on me.

from the shattered citadel
Shine on me
beneath the cathedral of stars
Shine on me
Talk to me
heavenly body
