

Gene Pitney, Donna Means Heartbreak

Don't mention Donna
When I'm around
When I hear her name
The world just turns upside down

To others Donna mean beauty
Donna means heaven
Donna means ecstasy
But Donna means heartbreak to me

I still remember
Her soft caress
The touch of her lips
And the warmth of her tenderness

To others Donna mean beauty
Donna means heaven
Donna means ecstasy
But Donna means heartbreak to me

She ran around
Like there was no tomorrow
And every boy in town
Knew the thrill of Donna's kiss
And all the time I thought she was mine
She belonged to everyone, everyone, every, every, everyone

To others Donna means beauty
Donna means heaven
Donna means ecstasy
But Donna means heartbreak to me
Yeah Donna means heartbreak to me
